APM Thames Valley Branch 2019/20 to the future

We aim to widen the range of events across our Region and provide a platform for networking, learning and sharing best practice. We will continue to expand our Corporate and HEI engagement and run our successful annual PM Competition which has huge benefits for teams taking part.

Unfortunately we've had to postpone the Awards night at this time but hope to properly reward those who have taken part in the current competition at a later date.

We have had a small number of events this last year but have a promising pipeline to look forward to which are in planning.
