

THE CHARTERED BODY FOR THE PROJECT PROFESSION

# APM Thames Valley Branch

Branch report 2021-22

APM at 50:  
Better projects for  
a better future

# APM Branches – Get involved

APM Branches offer opportunities to network and learn about latest developments in project management within your region.

- Volunteer within your local project management community
- Create knowledge sharing opportunities – virtual and face to face
- Inspire future Project Managers
- Give back to the Project Management profession
- Learn new skills
- Many more reasons!

Visit the Branch website to find out more - [www.apm.org.uk/community/](http://www.apm.org.uk/community/)

# APM Branch - 2022 to the future

The Thames Valley Branch covers one of the largest areas within APM, we have a great dedicated team with a few new members but we are looking to increase the capacity further to enable us to deliver our current key goals.

We have progressed significantly over the last 18 month despite the restrictions of COVID, with every member of the team contributing so no individual is overloaded: we all have busy day jobs so this is key to our success.

Our amazing achievement have been recognised by APM this year, winning the 'Branch of the Year' award, a true testament to the excellent work of the current committee. One of the successes has been the amount of quality events we have delivered virtually and in April our first face to face, which reminded us how important they are for networking and better interaction.

Key areas of focus we have identified so far include;

- HDI - help young people looking for a professional understand the diversity in Project Management
- ECPs - Young professionals as well as people changing their profession.
- Cooperate - working closer with our cooperate members to jointly increase our success
- Networking - Deliver quality events to share learning and enable networking with likeminded professionals
- Collaborative local events: showcasing local speakers and experts enabling us to forever improve

Joining the Thames Valley Committee give an opportunity for all no matter how much time you feel you can commit. We have young members learning important skills, and myself wanting to give something back to an industry that has given me so much enjoyment.

- Steve Hoesli, APM Thames Valley Branch Chair
