			11 – Shadow Director responsible for programme management and service delivery of a team of circa 10 programme and change managers.			
John	Chapman	Full	30+ years working in the delivery of IT Business solutions. Author of 3 books on project and programme management, contributing author to 4 further books on programme and project management	To assist in the development and promotion of best practice in programme management, to meet other like minded professionals	My experience in programme and project delivery, plus my previous experience on the committee	I currently spend about 2 hours per week on SIG activities, plus attend the annual conference. I would anticipate the same going forward.
James	Lesingham	Associate	As a graduate I have limited Programme experience but have spent some time working on a large IT programme for my current employer as well as working as a project manager on a Transformational programme with the MOD. Over the last 3 years I have gained knowledge and insight in to	Project management and ProgM are both areas that I am passionate about with an active interest in both my work and free time. Being part of the Committee allows me to further develop my knowledge and understanding while supporting the community within an area I am passionate about.	Although my experience within ProgM is limited I believe I am able to provide some drive, a fresh perspective and innovative ideas.	Up to 5 hours a week

			the world of programme management as a member of the ProgM Committee and more recently co-chair.			
Muham mad	Naeem	Fellow	I am a fellow at APM and had delivered programmes in various parts of the world including Asia, middle east and UK. I have delivered successful programmes in water, gas, electricity and construction industries, so would like to share my experiences with the wider community and also would like to learn on-going innovations in the programme delivery techniques, processes.	I feel that this is the right time, as being FAPM, to share my experiences with wider pm community, not at regional level, but on a larger scale of the communities. This membership will provide me the relevant forum to discuss, raise and share the experiences and best practices in pm.	I have 22 years of PM experience. I think there is a need to make local representation in the SIG committee, as huge investments are on-going in Northern Power House hub. Also, this will strengthen our regional network connections with wider SIG committee, as I am with regional branch committee since 2017. I am confident that I will use my strong networking with academics (UoB,UoL,UoS,York Uni etc) and regional organisations to increase the awareness of PM, thus helping PM community to share the best practices, while managing and delivering Programmes at various levels of the organisations. I spend 5-8 hours on weekly basis in volunteering for many causes. I understand local issues and feel that through leading APM, I can help community and businesses to resolve the issues by using PM community. Especially, as a FAPM, I feel this my responsibility to more actively promote and contribute with APM. I have organised a no. of workshops, where I	2-4 HOURS

					invited various stakeholders, including key organisations and academics e.g; Sustainability in SCM, Circular economy. I have contributed for FoPM lecture at UoB.	
Judd	Norton	Fellow	Previously, a Senior Project Manager / Programme Manager, leading and managing a multi-disciplinary team of professionals, including multiple external contractors and suppliers to deliver a portfolio of concurrent strategic and client driven projects, programmes and transformations. More recently as a consultant, working with large global insurance/financial firms to provide Project/Programme/Portfolio audit/assurance services.	Senior professional project/programme manager with solid experience across multiple industries in a global capacity, passionate about the profession overall, especially the future in how initiatives and APM more generally will benefit society. I am highly motivated and excited to be a part of this committee.	A versatile client and business focused Project/Programme Manager with over 15 years' experience leading change and transformation initiatives in Information Technology, Software, Healthcare, Media, Telecommunications, Public Sector, Legal, Education, Research, Insurance and Financial Services sectors in UK, Europe and Australia.	1hr + (depending on work commitments)
Penny	Pullan	Full	I've worked in project and programme management as a practitioner and lately as a consultant for the last 25	I have been a member of the APM Programme Management SIG for several years and served as Chair for a year, about a year ago.	I would like to continue to support the SIG, using my skills and APM SIG experience (ex Chair and secretary of another SIG and ex Chair and secretary of this SIG. I can bring many skills from my consultancy career, especially around	This varies but I have always squeezed in SIG work! Those of us working on

			years, across industries and around the world.		communication, engagement and speaking.	programmes have to work smarter to be able to take part and our committee has always supported each other as our workload ebbs and flows.
James	Taylor	Full	<p>Five years as Network Rail programme manager accountable for:</p> <ul style="list-style-type: none"> <li>• The concept and definition stages for national level crossing renewals within a £0.5b work-bank</li> <li>• Programme managing three Transport &amp; Works Act applications to close more than 100 level crossings, requiring extensive consultation with statutory and public stakeholders and three public inquiries</li> <li>• Development input to an internal client for complex,</li> </ul>	<p>I have a dual motivation for this application. The first is that having been awarded APM Chartership in June 2019 I am very keen to give something back to the APM and believe that in helping to achieve this I would continue to learn and grow as a programme management professional. The second is that I know Nigel Beecroft and he has given a very positive overview of the people currently on the committee and the valuable and interesting work that the SIG undertakes. I therefore feel confident and motivated, if selected, to commit to being a member of this SIG and to</p>	<p>I was a chair of school governors for 5 years so understand how committees work. In addition to my APM chartership and qualifications I have a post Graduate Diploma in Industrial and Operations Management, an MBA from the University of Birmingham (Highly respected Birmingham Business school, Edgbaston), experience of working in different countries, continents, and cultures as well as slightly rusty knowledge of written and spoken German language. I am also a Managing Successful Programmes practitioner and a qualified member of Network Rail's coaching pool. I combine the competencies and skills learned during</p>	<p>2-5 hours in an average week and up to 10 hours for special activities</p>

			<p>externally funded infrastructure projects</p> <ul style="list-style-type: none"> <li>• Leading a Programme of technology projects through the full project lifecycle including benefits realisation</li> </ul> <p>A further 11 years' rail industry experience includes sponsorship of complex infrastructure projects within £9b West Coast Route Modernisation, programme managing maintenance improvement campaigns, asset management and asset strategy development, and various project delivery roles. Prior to Network Rail I had 15 years' experience within Multi National Enterprises, which included: Plant management, international marketing, new business development including working in America, Asia, and in Europe in written and spoken German language.</p>	<p>help the many APM members and other project professionals that refer to information prepared and posted by this SIG.</p>	<p>my career and combine them with positive attitude to lead by example and deliver complex solutions by applying a multi-disciplined skill set and excellent cross-functional leadership to get things done. I would welcome the opportunity to bring these qualities to support and develop the work of this SIG.</p>

Vivianne	Walters	Fellow	National and international programme management experience in multi-national, cross industry major projects.	Excited at the way APM is actively expanding its reach including adapting the way its Webinars are to be produced across timelines - starting with Hong Kong.	Had already started on working across timelines and looking to see this extended to possibly running each Webinar twice in a day where appropriate interest indicated to make it easier for a greater target audience move i.e. 12 hours ahead.	5 to 10 hours per week with some late-night calls!
Ben	Whitlock	Full	I've been delivering major Projects and Programmes for more than 20 years, ultimately running the programme function for a FTSE 100 company delivering projects and programmes of £1bn+ in value. I am now a Management Consultant advising clients on how to improve and deliver their programmes.	I was a member last year and wish to keep adding something to the profession.	I am ChPP with a wide range of traditional and agile experiences and qualifications with an active interest in how the profession develops. I am also involved in other APM and industry events focussed on PPM delivery.	Around 5 hours per week, depending on client commitments.
