APM Body of Knowledge, 6th edition

A comprehensive guide for all project professionals

The *APM Body of Knowledge, 6th edition* provides the foundation for the successful delivery of projects, programmes and portfolios across all sectors and industries. Written by the profession for the profession it offers the key to successful project management and is an essential part of the APM FIVE Dimensions of Professionalism. It is a scope statement for the profession and a sourcebook for all aspiring, new and experienced project professionals offering common definitions, references and a comprehensive glossary of terms.

APM Body of Knowledge, 6th edition

Price: £49.95 (APM members £44.95)
ISBN: 9781903494400
Format: Paperback, 246x189mm, 258pp, 2012

APM Project Fundamentals Qualification Study Guide

John Bolton and Paul Naybour

The *APM Project Fundamentals Qualification Study Guide* is designed to support candidates taking the APM Project Fundamentals Qualification. The study guide references the syllabus, learning outcomes and assessment criteria aligned to the APM Body of Knowledge 6th edition.

Written in modular style to support both candidates and tutors preparing for the examination, each of the four main chapters includes:

- a clearly defined set of learning objectives at the start of each section;
- a clear set of project management definitions based on the *APM Body of Knowledge 6th edition*;
- a developing case study, based on the fictional BikeWeb design company, designed to bring the theory to life;
- learning exercises and quick quizzes to help readers apply what they've learnt.

The study guide also includes a round-up of exam tips and advice, 60 sample exam questions and a glossary of APM terms.

APM Project Fundamentals Qualification Study Guide

Price: £29.95 (APM members £26.95)

ISBN: 9781903494547

Format: Paperback, 210mm x297mm, 208pp, 2016

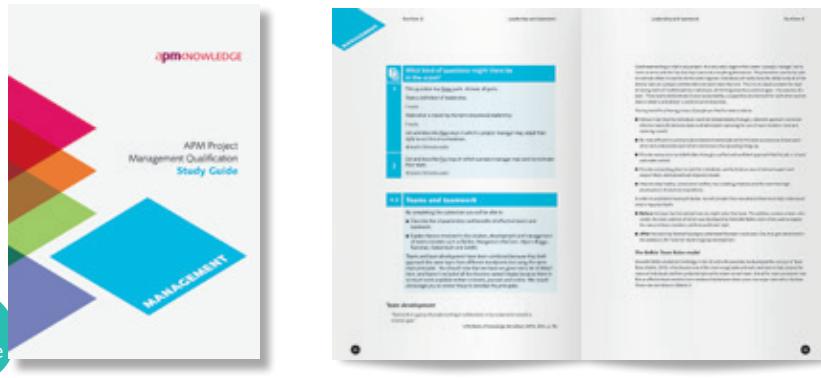

APM Project Management Qualification Study Guide

John Bolton and Paul Naybour

The APM Project Professional Qualification Study Guide is designed to support candidates taking APM Project Professional Qualification.

The guide aims to 'cut through the jargon, providing examples and real hands-on practical advice on how to better manage projects and pass the exam'.

At its core are 12 sections that follow the same basic systematic approach as the APM Project Management Qualification syllabus. Each section includes a learning outcome with groups of assessment criteria that consider the breadth of knowledge encapsulated within the *APM Body of Knowledge, 6th edition* and elsewhere.

APM Project Management Qualification Study Guide

Price: £49.95 (APM members £44.95)

Project Risk Analysis and Management Guide, 2nd edition

This guide describes a systematic and disciplined approach to controlling risk that can be used to help improve the success of projects. Risk is present in all project work, whatever the nature of the project, or the environment in which it is undertaken. *Project Risk Analysis and Management Guide, 2nd edition*, written by the APM Risk Management Specific Interest Group, focuses on the risk issues that affect the project manager. The guide addresses how the risk management process at project level connects to corporate or programme level risk management. It includes advice on risk practices, opportunities, governance, benefits and behavioural issues.

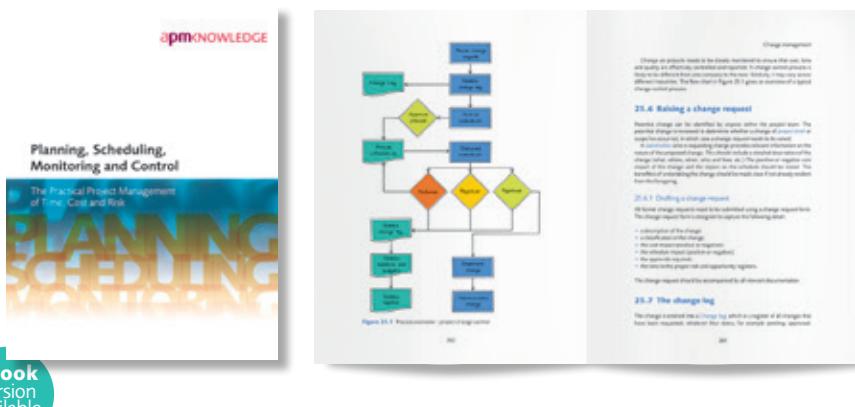

Price: £25.00 (APM members £22.50)
ISBN: 9781903494127
Format: Paperback, 246 x189mm, 186pp, 2010

Planning, Scheduling, Monitoring and Control: The Practical Project Management of Time, Cost and Risk

Planning, Scheduling, Monitoring and Control is a comprehensive guide for anyone involved in planning, scheduling and controlling projects.

Planning, scheduling, monitoring and control are fundamental to good project management. This guide gives practical guidance on all planning aspects of preparing to undertake a project, executing a project, controlling its delivery to budget, time and quality, and delivering it safely.

The guide is primarily aimed at project managers, project control managers and engineers, planning managers and engineers involved in planning, scheduling and controlling projects.

Planning, Scheduling, Monitoring and Control

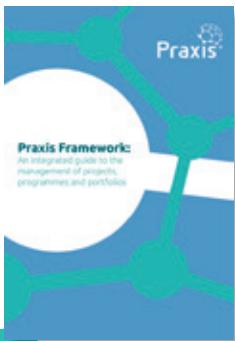

Price: £49.95 (APM members £44.95)

ISBN: 9781903494448

Format: Paperback: 246x189mm, 388pp, 2015

Praxis Framework: An integrated guide to the management of projects, programmes and portfolios

Adrian Dooley

ebook
version
available

Written by Adrian Dooley Hon FAPM, and published by APM, *Praxis* takes the principles of existing, proven guides and adapts them so that they have a common terminology, structure and approach. The resulting framework, combining knowledge, processes, competence and capability maturity, makes *Praxis* a must read for anyone committed to advancing the cause of professional P3 practice.

Price: £49.95 (APM members £44.95)

ISBN: 9781903494257

Format: Paperback, 229 x152mm, 408pp, 2015

Governance of Co-Owned Projects

Written by the APM Governance SIG, the guide is a direct response to the challenge of managing projects in an increasingly interconnected world.

Inside, readers will find the principles for the governance of co-owned projects, together with checklists and key questions for co-owners to ask.

Governance of Co-Owned Projects is aimed at those who influence corporate governance in organisations including company directors, project portfolio directors and sponsors.

Price: £10.00

ISBN: 9781903494561

Format: Paperback, 246x189mm, 32pp, 2017

APM Introduction to Programme Management 2nd edition

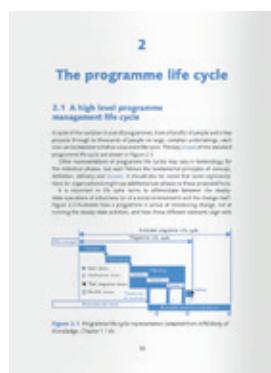

APM Introduction to Programme Management 2nd edition is one of APM's core introductory texts. Written by experienced practitioners from APM's Programme Management Specific Interest Group (SIG), it is recommended reading for anyone joining a programme team – or those who want to know how to interact with the programme.

More than a decade after its release, this substantial refresh of *APM Introduction to Programme Management* brings practitioners up-to-date with the latest developments in the discipline.

As well as the fundamental principles – what a programme is, how it works and how to review progress - the guide also explores the changing environment in which programmes exist, their relationship to the strategic context of organisations as well as 'new' frameworks and ways of working.

A Guide to Integrated Assurance

A Guide to Integrated Assurance enables organisations to improve the efficiency and effectiveness of their assurance activities. Written by APM's Assurance Specific Interest Group, the guide identifies important roles and responsibilities as well as tools and templates to help overcome 'silo-oriented approaches' to assurance that do not naturally result in integration.

Price: £10.00 (APM members £9.00)

ISBN: 9781903494042

Format: Paperback, 246 x189mm, 44pp, 2014

ebook

release

Price: £15.00 (APM members £13.50)

ISBN: 9781903494608

Format: Paperback, 246 x189mm, 26pp, 2016

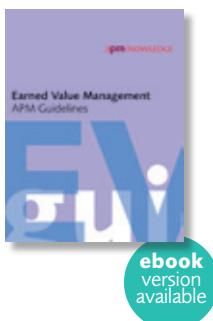

Directing Change: A Guide to Governance of Project Management, 2nd edition

This second edition of 'Directing Change' has been updated to reflect the terminology and structure of more recently published APM guidance, such as 'Co-directing Change', 'Sponsoring Change', feedback from users and changes to regulations such as the new 'UK Corporate Governance Code' which has replaced the previous 'Combined Code'.

Price: £7.50 (APM members £6.75)

ISBN: 9781903494066

Format: Paperback, 210x146mm, 24pp, 2011

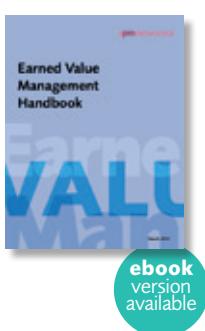

Earned Value Management: APM Guidelines

Earned value management is a project control process, based on a structured approach to planning, cost collection and performance measurement. Written by the APM Earned Value Management Specific Interest Group, this is a work of reference for project professionals. This second edition remains reciprocal with ANSI/EIA-748-B Earned Value Management Systems standard.

Price: £15.00 (APM members £13.50)

ISBN: 9781903494264

Format: Paperback, 246x189mm, 62pp, 2008

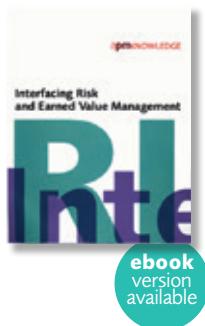

Earned Value Management Handbook

The Earned Value Handbook is aimed at the wide range of project professionals working on earned value based projects including project managers, control account managers, project planners and project analysts. It is also fully aligned to the Earned Value Certification at foundation and practitioner level.

Price: £25.00 (APM members £22.50)

ISBN: 9781903494509

Format: Paperback, 246x189mm, 176pp, 2013

Interfacing Risk and Earned Value Management

This publication examines in detail the interfaces that make the discrete elements of project management a cohesive whole, beginning with earned value and the management of risk. Topics covered include: establishing the project baseline, integrated baseline change management, analysis and decision making and the importance of culture.

Price: £10.00 (APM members £9.00)

ISBN: 9781903494240

Format: Paperback, 246x189mm, 54pp, 2008

Introduction to Project Control

This guide integrates all the disciplines of project management, offering a wide perspective of project control. It covers everything from why, when and how to control projects and is suitable for those new to the profession as well as experienced project managers. This publication proposes that an equally important part of control is 'doing the right projects', both individually and in programmes and portfolios.

Price: £10.00 (APM members £9.00)

ISBN: 9781903494349

Format: Paperback, 246x189mm, 96pp, 2010

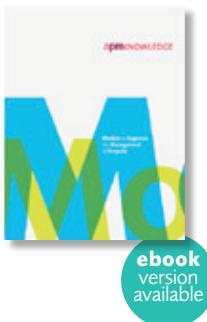

Introduction to Project Planning

This guide outlines the importance of project planning, regardless of the type of organisation. It outlines three key areas of the planning phase: when, who and how, as well as describing the characteristics of good planning.

Price: £7.50 (APM members £6.75)

ISBN: 9781903494288

Format: Paperback, 246x189mm, 38pp, 2008

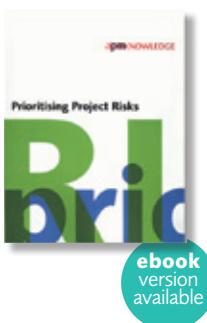

Models to Improve the Management of Projects

A guide that provides independent and informed guidance on the main models designed to improve the management of projects. Each model is presented in the same structure, covering features, benefits, real-life insights and guidance on assessing the appropriateness of each.

Price: £7.50 (APM members £6.75)

ISBN: 9781903494806

Format: Paperback, 246x189mm, 56pp, 2007

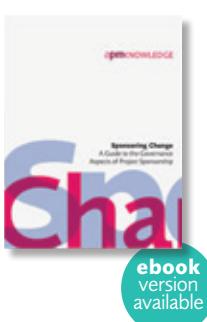

Prioritising Project Risks

Prioritisation is an important part of any risk process because it focuses attention on what matters most. This guide addresses the shortfall in current practice and helps readers to make sense of the risk challenges they face and improve risk prioritisation by offering a choice of techniques ranging from simple to complex.

Price: £10.00 (APM members £9.00)

ISBN: 9781903494271

Format: Paperback, 246x189mm, 59pp, 2008

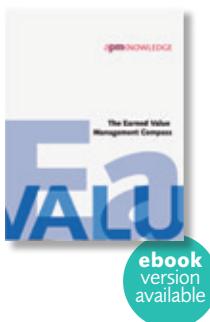

Sponsoring Change: A Guide to the Governance Aspects of Project Sponsorship

This guide aims to improve sponsorship performance with the role of project or programme sponsor being still widely misunderstood and poorly practised.

Price: £7.50 (APM members £6.75)

ISBN: 9781903494301

Format: Paperback, 246x189mm, 24pp, 2009

The Earned Value Management Compass

This guide is intended to support projects or organisations by improving their project control and earned value management processes. The model uses a common framework and can be used for the assessment of a single project or to benchmark and compare the relative strengths of various projects across an organisation.

Price: £10.00 (APM members £9.00)

ISBN: 9781903494332

Format: Paperback, 246x189mm, 43pp, 2010

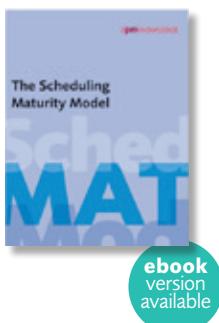

The Lens Collective: A Guide to Seeing Different Perspectives in Project Management

This guide is intended to help individuals reflect upon their capabilities, increase their awareness of others and successfully apply new perspectives to their projects. The term 'lens' has been specifically chosen for this guide to reflect the analogy between human vision and the interaction of people.

Price: £10.00 (APM members £9.00)

ISBN: 9781903494318

Format: Paperback, 246x189mm, 26pp, 2010

The Scheduling Maturity Model

The Scheduling Maturity Model is intended to provide a defined means of establishing and improving the scheduling capability as part of an organisation's project, programme or enterprise control processes. Moreover, it is intended to support project and programme teams and organisations by improving an important part of their overall project controls capability.

Price: £10.00 (APM members £9.00)

ISBN: 9781903494479

Format: Paperback, 246x189mm, 43pp, 2012
