SIG report 2020/21

APM SIGs – Get involved!

The APM SIGs have an important role to play within APM in creating and disseminating new knowledge.

- Input to creating and disseminating new knowledge
- Create knowledge sharing opportunities on current interests of the profession – CPD!
- Further the understanding and practice of tools and techniques
- Inspire future project managers
- Give back to the project management profession
- Learn new skills
- Many more reasons!

APM Women in Project Management SIG

2020/21 chair report

The WiPM SIG addresses the development and promotion of women working in project environments. We actively promote investment in gender diversity and inclusion to ensure that all project managers have the potential to develop a highly rewarding career.

The SIG is working to raise the profile of female role models in the profession. We have been working with the APM on a mentoring scheme for women working towards Chartership. A number in the scheme have gone on to become ChPP's and will hopefully inspire others to follow.

In spite of the challenges posed by COVID 19 we had a very successful conference last year and ran a number of International Women's Day events this year. We are working on organising this years conference which also looks to be an exciting event.
