Martin Savage	Associate	Existing committee member and branch Secretary.	Existing committee member and branch Secretary.	
Matthew Tucker	Associate	I have been on the committee for the past two years and would like to continue promoting the APM	I have run several corporate, branch and joint events over the past year and this experience would be good to still have in the committee.	
Ross Weatherburn	Associate	I have served on the committee for the past year and helped plan and run several events specifically for the Higher Education sub-committee. The APM is top-heavy in terms of its membership spread and I want to promote the APM to younger PMs as a viable alternative to the RICS or CIOB.	I'm an experienced project manager, having worked across a diverse portfolio of projects for almost 5 years. I've worked in both client and ER roles so have acquired a softer skillset to complement my technical construction background. I was heavily involved in student initiatives at university (as a Student Rep), so want to continue using those skills to help others.	Now that the APM has become a chartered body, I anticipate a move to begin accrediting further education courses. This requires an even greater drive to promote and improve the APM's offering for HEI and associated members, which is my specific area of interest.
Brian Wicks	Full	Currently a volunteer for the London branch. Wish to continue assisting where possible.	Many years of experience as a practicing project manager
