

Name	Membership	What motivated you to put yourself forward for election to the South East branch committee?	What qualities, skills and experience do you think you'll bring to the South East branch committee?
Hugh Redington	Full	I am an existing committee member and am also serving on the Membership Panel.	An existing committee member with many years PM and APM experience
David Prescott	Associate	Existing member	5 years on APM committee
Alan J Macey	Full	Existing Committee member	as currently
Paula Moreland	Associate	I wish to continue as Secretary of the branch.	Support the work of APM.
Nicole Reilly	Associate	As someone who has benefitted greatly from events organised by APM and other professional networks, I am keen to further my CPD and to contribute to the programme of events in the South East region. I have wanted to actively participate for some time and finally feel that I have some capacity to commit to the group both to attend committee meetings and help organise events at a time when the branch is actively seeking new committee members.	I have over 20 years professional experience across a variety of industries and business functions; I have always been passionate about CPD and an active participant in professional networking and knowledge-sharing groups. I feel the Kent area misses out when it comes to holding events due to its proximity to London, and I'd like to leverage the corporate and HE contacts I have in the area to address that. I am also committed to raising awareness of the profession particularly amongst younger professionals, especially women. I have a strong social media presence and believe I can help promote the branch and the wider organisation to those that may not have considered APM before.
Tony Noakes	Full	Existing Branch Committee Member	Existing Committee Member RPP and RPP assessor Current Branch Chairman

Jacky ward	Full	Responding to a call for additional members needed on the committee; desire to promote project management professionalism and opportunities for people joining our profession.	30 years experience working in projects. RPP. Wide ranging industry experience. An extra pair of hands.
