

Fund APM Full (MAPM) membership for your team member

Stronger capability. Clearer standards.
Practical support all year.

Business value at a glance

Capability across the project lifecycle

Structured development and practical tools that can be applied to live projects

Maximises L and D investment

Membership resources cover core development and current practices, freeing budget for specialist training

Plugging skill gaps

Mentoring, networks and support towards Chartered Project Professional (ChPP)

Audit-ready, consistent delivery

Shared standards and language improve governance, handovers and project assurance

Mentoring and peer-learning culture

Peer-to-peer learning spreads good practice and accelerates problem-solving across teams

What your employee gets – to deliver that value

- 1 **Internationally recognised MAPM post-nominals** – showcasing expertise and status as a skilled project professional
- 2 **Targeted CPD** – structured self-assessment against the *APM Competence Framework* to focus development where it matters most
- 3 **Industry-leading resources** – journals, toolkits, webinars and events ready to apply immediately
- 4 **One-to-one mentoring** – and professional connections across APM's Community, including Regional and Interest Networks
- 5 **A clear progression pathway** – support towards achieving chartered status and, over time, FAPM recognition

£5,000+ of learning and mentoring from just £215

Access 70+ hours of expert content, tools, templates and year-round professional mentoring – all included within membership.
