

# Fund APM Fellowship (FAPM) for your senior project professional

Stronger capability. Clearer standards.  
Practical support all year.

## Business value at a glance

### Capability across the delivery lifecycle

Structured development and practical tools that can be applied to live projects

### External credibility, consistency and assurance

FAPM post nominals signal a recognised professional standard – APM-aligned standards and language strengthen governance, handovers and audits, with external validation from the chartered body

### Efficient use of learning and development budget

Membership includes year-round learning resources and events

### Leadership and contribution

Developing and mentoring future talent to plug skills gaps and retain top performers)

## What your employee gets – to deliver that value

- 1 Continuing professional development (CPD)** using the *APM Competence Framework* and self-assessment to focus development where it counts
- 2 Access to industry-leading resources and guidance** – including research, journals, toolkits, events and webinars – that can be applied immediately
- 3 Senior-level networking and influence** – participation in the **Fellows Forum**, plus one-to-one mentoring and professional connections across the APM Community
- 4 Professional recognition with FAPM post nominals** – plus support towards **Chartered Project Professional (ChPP)**

## Year-round mentoring for just £225

Access professional mentoring for the cost of membership – that's a fraction of the £100–£500 per hour charged by independent mentors. (Source: unbiased.co.uk)

## Watch our mentors in action

[Watch now](#)

APM in project management is the gold standard. Receiving Fellowship was one of my proudest achievements in my career.
