

# Fund Associate membership for your team member

Stronger capability. Clearer standards.  
Practical support all year.

## Business value at a glance

### Capability across the delivery lifecycle

Structured development and practical tools that can be applied to live projects

### Consistency and assurance

APM-aligned standards and language strengthen governance, handovers and audits, with external validation from the chartered body

### Maximises L and D investment

Membership resources cover core development and current practices, freeing budget for specialist training

### Plugging skill gaps

Visible career investment, mentoring, and networks that strengthen progression and performance frameworks (e.g. PDP)

### Mentoring and peer-learning culture

Peer-to-peer learning spreads good practice and accelerates problem-solving across teams

## Unlocking employee value

### 1 Targeted CPD

Structured self-assessment against the *APM Competence Framework* to focus development where it matters most

### 2 Industry-leading resources

Research, journals, toolkits, webinars and events ready to apply immediately

### 3 One-to-one mentoring

Plus professional connections across APM's Community, including Regional and Interest Networks

### 4 A clear progression pathway

Support towards achieving chartered status

## £5,000+ of learning and mentoring from just £170

Access 70+ hours of expert content, tools, templates and year – round professional mentoring – all included within membership
