Being part of the SE committee allows you to influence and keep up to date with current PM thinking.	I have been involved with the Committee for over 20 years and held a previous officer role. I have arranged events, hosted events and have a wealth of experience collated from over the years which can be used to guide any new member as required.	I like to think outside the box and with the committees' views, spark ideas for events that are often leading in the field for the SE.

We put on various virtual meet-up events with different themes throughout the year to allow project professionals to discuss how they have been coping with the new work environment and in general to provide a more relaxed, conversational style event rather than the traditional webinar format.
