

Full name	What motivated you to put yourself forward for election to the Branch committee? (maximum 150 words)	What qualities, skills and experience do you think you'll bring to the Branch committee? (maximum 150 words)	If you volunteered last year with the APM what was your best achievement/highlight?
Lucy Allen	I work as a project manager at the University of Cambridge and have been very grateful for the range of events the APM offers, both in person and online. I enjoy organising events and would very much like to broaden my professional network by becoming more involved with the APM. Being on the committee would be a great way to learn from others and be exposed to new areas and ideas of project management.	I have experience in events management organising balls for 2000 people and dinners for 200 guests. I enjoy making sure all the details are thought of such as name badges, refreshments, signs and liaising with venues. I currently volunteer as part of CCSA, a Cambridge based mutual aid group which has given me experience of setting up a charity from scratch and engaging members of the community.	
Gregory Brennan	Existing committee member, seeking to continue in position.	Existing committee member, seeking to continue in position.	Difficult to answer, given the circumstances with the pandemic. It was good to get off the ground with the branch awards, however. Something we have had little contribution in previously.

Kevin Brown	I am keen to continue to support and progress the objectives of APM. I am passionate about supporting the development of project management as a profession and that we continue to drive competency and recognition of the profession. I see the work of the local branches as being key to promoting this across the regions as well as bringing professionals together to learn, develop and share.	I have over 20 years of experience working in the project management profession, and I am currently a Portfolio Manager working in Cambridge. My skills include planning, organising and supporting change. I have been a member of the EoE committee for a few years and the Chair for the past 12 months. I hope to be able to use these skills and that of other committee members to continue to move the region forward.	Launching the first Branch Awards for the region and hopefully the first of many as we would like to grow the participation.
Aaron Douglas	Continue to give back to the profession.	Motivated project professional, project management mentor and over 2 years' experience on the APM East of England Branch as committee member and the incumbent secretary	Getting involved in the Branch Awards
Amirhossein Karimzadeh Esfahani	Read about the program	negotiation, management, content writing, sales, marketing	
Peter White	I would like to be more involved in the future development of the APM and also push myself through my further professional development	I would bring with me experience from the corporate property and public sector environment working across different committees.
