

First name:	Surname:	Brief overview of your background and experience in this SIG subject matter: (maximum 150 words)	What motivated you to put yourself forward for election to the APM PMO SIG committee? (maximum 150 words)	What qualities, skills and experience do you think you'll bring to the APM PMO SIG committee? (maximum 150 words)
Emma-Ruth	Arnaz-Pemberton	I have written extensively about PMO and am an active practitioner in the industry setting up and transforming PMO teams with a people focus.	The last few years have been tough with volunteer availability, covid and changes to the working climate. I would like to try to bring PMO SIG members back to the fore of the SIG for the coming year and ramp up engagement.	I have been in the field for more than 15 years as a specialist in PMO and have chaired the PMO SIG for a number of years
Mike	Belch	Semi-retired PMO professional with over 15 years PMO experience.	2021 and the first part of 2021 have been bad for the SIGs. We need a reinvigorated approach with more face to face interaction	Experience. Insight. Knowledge.
Olaniyi	Denloye	Niyi is a Senior Project Manager with 8 years of professional experience of delivering some of the largest and most challenging transport and infrastructure projects in the United Kingdom. Niyi works for CPC Project Services, a leading Project Management consulting firm, and he has gained diverse experience working across the entire project lifecycle, from early-stage development to delivery and handover. Niyi has led the formation and undertaken different roles within PMO teams across different organisations. He is currently working as the Project Manager on the £60 million Lee Valley	Haven worked within Project Management industry all of my career, from Network Rail to CPC Project Services where I currently work. The APM has played such a massive role in my development and the progression of my career. I have advanced through the various qualifications offered by the organisation from the foundations and APMP exams, I am now soon to sit my interview for my Chartership application. A role within the SIG committee would enable give back to an organisation that has done a lot for me, but also enable further develop my skillsets, as it will provide me with a platform to learn from	Further to my practical experience within Project Management and PMO functions. I have experience of playing a key role and being part of a committee within a major organisation such as the APM. I have recently completed a tenure on the Executive Committee of the Young Rail Professionals (YRP), where I was responsible for overseeing Rail Week. Working with YRP, I was able to build a significant network of professionals and businesses within the rail industry, which will be able to tap in to. I am also 30 years old and black African. I

		Rail Project, and he has played a key role in the set up and management of the PMO team carrying out the client duties and overseeing the project on behalf of London Borough of Enfield.	fellow practitioners within the industry on best practice and key insights. It will also enable build up my network and further the reputation of CPC Project Services.	represent a demographic that is often underrepresented on committee and board level. I believe I can contribute significantly to the team by bringing a diverse perspective and different way of thinking to the team, and the APM as a whole.
Olubukola	Feyisetan	I am nominating myself to join the PMO SIG to gain more knowledge about current trends and best practices in PMO management and contribute my knowledge and experience to the group. I have over 15 years experience in project, programme and portfolio delivery gained from working in the public sector. In the course of my career, I have set up and worked in PMOs to drive organisational change. I know that PMOs are the integral engine in most organisations to implement and embed change. I am keen to join the SIG to work alongside subject matter experts to contribute my ideas and share knowledge. I am particularly interested to learn and understand more about how PMOs have evolved and delivered successful outcomes in virtual working environments.	I have been an active APM volunteer for over seven years. I worked with committee members of the Women in Project Management SIG to organise and deliver the 2020 annual womens' conference hosted by the APM, featuring women as keynotes. I also organised the delivery of the 2021 International Womens' Day (IWD) themed 'Choose to Challenge' aimed to challenge mindsets and stereotypes in industry and sectors and encourage better working engagement and good practices. Equally, I participated and contributed ideas to the white paper on 'procuring for agile' published by the Contracts and Procurement SIG. I have transferable skills that I believe would add value to the group.	I am organised with good team-working skills. I have seasoned experience in developing and implementing the PMO hub that engages colleagues and delivery partners. I am enthusiastic and keen to contribute to the impressive work that the PMO SIG has delivered.
Nick	Fleet	Graduating in General Engineering, I have spent my career to date working for FrazerNash Consultancy within the	Ultimately, I want to make a positive impact on the PMO profession – building my understanding of the APM and	Whilst still only 5 years into my Project Management career I have gained experience, learnt lessons

		<p>Programme & Management Consultancy developing my P3M skillsets, undertaking APM qualifications and working towards Chartered Status. As a qualified PMO Practitioner, I have worked with Project Professionals to support the design, implementation & delivery of Project/Programme Management offices (PMO) within Client organisations across Defence, Space and Energy – as well as to support the delivery of internal Frazer-Nash projects.</p>	<p>expanding the network of professionals to collaborate with. Having attended the PMO SIG conference and worked with PMO professionals within my organisation (and PMO SIG), I have seen the value of forums where professionals can discuss, share best practise & innovate around PMOs. This is an exciting opportunity to volunteer outside of my organisation and pay back to the profession that has supported me in my career to date.</p>	<p>and formed ideas of PMO delivery & consultancy across a number of sectors, which I can bring to the PMO SIG discussion table. As a trusted project professional, I pride myself in being an effective communicator able to collaborate with stakeholders across varying levels of organisations. As a member of a FrazerNash committee, I understand the importance of being reliable, trustworthy and holding to commitments around committee business – so can be fully trusted by the PMO SIG to execute any responsibilities passed to me. My application is underpinned by my personal willingness and drive to consistently challenge myself, develop professionally and support the wider Project Management industry. I look forward to the opportunity to meet new colleagues & support a successful SIG!</p>
<p>Angela</p>	<p>Hatton</p>	<p>After several years working in projects and programmes in the emergency services sector and running a virtual PMO, I now work for a national institution heading up the Enterprise Portfolio Management Office.</p>	<p>I am interested in helping to promote the use of professional, capable PMOs in a variety of settings with a specific interest in how the strategic-level PMO can add value to an organisation, ensuring that the right projects deliver in the right way. Keen to assist with developing APM</p>	<p>I am experienced in delivering projects and programmes and have gained some battle scars. I believe in the approach of using a PMO to provide support, standardisation and direction. I am willing to</p>

			knowledge to provide support to APM members on best practice, benefits and challenges when leading or working in a PMO.	challenge the status quo and look for improvements.

Russell	Muir	Experience of 20 years working in or with PMO's. After entering into my first	Having been involved for 10 years with volunteering on the Midlands APM	35 Years industry experience working across manufacturing,

		<p>Project role in 1998 I undertook a number of medium to large Projects in support of Rolls-Royce's turbine engine growth development strategy. In 2010 I was successful in gaining a role in a PMO in Rolls-Royce where I was responsible for ensuring the key PM processes were correctly integrated across a large engineering organisation and making sure the resources were deployed to make this happen. During the next 10 years I was involved with managing the change to bring in new PM tools and KPI's internally and how we used them externally with Customers. Having left RR in 2020 I then was successful in getting a Head of PMO role with a small company where I am responsible for building the PM structure and implementing the tools and processes to mature the companies Project Management.</p>	<p>corporates committee I want to try something different and share my knowledge and experience to others. This is a great opportunity to help PMs at all levels improve their knowledge and capability in a key area of pm. I have always been passionate about continual learning and helping apprentices and graduates realise their potential in their PM journey and feel I can achieve this further as a volunteer on the PMO SIG.</p>	<p>Operations, Services and engineering. The last 20 years working in the PM function across large groups and transformational change programmes which have required my PM leadership PMO skills. I have always been a team player and very much believe in the power of the team and how the Project team can achieve anything with the right mindset. I have proven that I can work within a volunteer team and lead, as i was the Branch corporates chair for a period of time also.</p>
